

## SAN LUIS OBISPO COUNTY WATER SAVER REBATE APPLICATION FOR LOS OSOS

**Important:** Please read the application materials carefully and keep a copy for your records. Please type or print clearly in ink, then mail completed application and original cash register receipt and/or plumber's invoice to the SLO County Public Works Department. Use one application per property location. Residential, commercial, industrial, institutional and multi-family applicants are eligible. The number of rebates is dependent upon the availability of program funds. Applications are processed in the order received. Funding is limited, therefore, rebates are not guaranteed.

## How to get your water saver rebate.

### For Owner/Residence installed:

1. Schedule pre-inspection to verify eligible water saver fixtures – call 788-6633 to schedule
2. Purchase and install water saver fixtures
3. Schedule a post-inspection to complete and submit rebate forms: original dated receipt with the price, model, and brand of each fixture listed individually, and the completed application. Keep a copy for your records.
4. Property owners will typically receive rebate checks in approximately 10 working days

### For Plumber installed:

1. Contract with a licensed plumber
2. Plumber verifies eligibility, completes retrofit, and may submit certified rebate application on behalf of resident
3. Submit rebate application, receipts and invoice.
4. Property owners will typically receive rebate checks in approximately 10 working days

### Qualifications

- Purchase of material must occur after program adoption by the County Board of Supervisors (10/23/2012)
- Rebates per fixture will not exceed purchased price of each fixture and are limited by the values shown below
- Rebates toward installation will not exceed installation costs for each fixture and are limited by the values shown below
- The location of installation must be within the wastewater service area.
- Residential, commercial, industrial, institutional and multi-family applicants are eligible.
- A toilet replacement that increases the gallons per flush (gpf) is not eligible for rebate under this program.
- New construction is not eligible for rebate under this program.
